

Susan Parker  
Co-Founder & Vice President

Susan Parker is a dynamic, collaborative community leader with extensive experience as a healthcare operations executive, both in the for-profit and non-profit worlds. Her behavioral healthcare career spanned two decades and led her to progressively more responsible positions in executive leadership across the country. More recently she has tapped into her entrepreneurial talents, owning a retail home furnishings store, a public safety company, Artemis Protection, as now her latest endeavor in northeast Ohio, Artemis Property Ventures LLC.

She has always maintained a high commitment to advocacy and community involvement and has sat on and chaired numerous local, county and regional boards. Susan is a decorated USAF NCO and credits her early military training and experience with setting her life on course. She currently lives in Chardon, OH with her husband, also a veteran and a U.S. Naval Academy graduate and her menagerie of horses, dogs and cats.

She is excited to serve our veteran community through Operation Horses and Heroes, and hopes to share the love and healing power of horses with deserving veterans and their families.
